Important Notes:

1. The business scope of a commercial entity is determined by its articles of association. For items within the business scope that require approval according to laws and regulations, relevant business activities can only be carried out after obtaining the necessary permits and approvals.
2. For information on the business scope, permits and approvals, and other relevant corporate credit matters, annual report information, and other credit information of commercial entities, please log in to the National Enterprise Credit Information Publicity System in the lower left corner or scan the QR code in the upper right corner.
3. All types of commercial entities must submit an annual report for the previous calendar year to the business registration authority within two months of the anniversary of their establishment each year. Enterprises shall disclose corporate information to the public in accordance with Article 10 of the "Interim Regulations on Enterprise Information Disclosure".
