BEFORE ORDER

Match the exact OE number and compare the original camera with the supplied photographs. Fitment, connector and cable details are not inferred from another BYD part number.

IDENTITY AND ORDER CHECK

OE number	EKEA-7922010TF
Part type	OEM replacement camera
Vehicle fitment	Not verified for this exact release
Mounting position	Not verified for this exact release
Connector / harness	Not verified for this exact release
Electrical / imaging specifications	Not verified for this exact release

ORDERING CHECK

- 1. Confirm that the original OE number is exactly EKEA-7922010TF.
- 2. Provide front, rear, mounting-point, connector and OE-label photographs.
- 3. Confirm the vehicle model, year and camera position from the original part.
- 4. Confirm the connector type, harness length and cable requirement before quotation.

CONFIRMED BY LOCAL SOURCE FOLDER:
exact OE identifier and product photograph set.

NOT VERIFIED:
BYD model/year compatibility, mounting position,
connector pinout, cable length, electrical ratings,
image resolution and ingress-protection rating.
