#### WIFI camera

4. Then will connect the camera(if have 4G and Wi-Fi install on one truck, need connect 4G camera first)

5. Change the past word of camera(will need this camera when load on PC platform)

5. Set Wi-Fi camera Wi-Fi information (this is key step if 4G and Wi-Fi camera install on same truck, as Wi-Fi camera connect 4G camera, you can check on app and PC remotely)
